2020 VENDOR PRESENTATIONS

RightStart™ Math: Why it Works

Have you heard the buzz about RightStart™ Math? Hear about our philosophy and what sets us apart from other curricula. We will teach children that a real mathematical problem is like a puzzle, that math is more than memorization, and that math is fun. Come and learn what's special about our math program!

RightStart™ Fractions

Do you remember the groans in math class when the word 'fraction' was brought up? Well, there is a better and less painful way of teaching fractions! Fractions are, dare I say, fun when they are taught the right way. What's the right way to teach them? Come and find out! Find the beauty and simplicity of fractions using RightStart Math.

RightStart™ Math Card Games

Are you tired of flashcards? Does your child cry when you give another timed test? Are you frustrated because your child can't seem to remember the multiples of 7? Use games to practice and review math facts. This workshop will show you fabulous and effective math card games that are easy and fun. Imagine your kids asking you to practice their math facts! Come and discover RightStart™ Math card games to help your child learn their math!

RightStart™ Middle School Math

Prepare your middle school student for higher level math by encouraging them to think critically and creatively with the RightStart™ Math Level G. This is an entry level, student-lead course emphasizing the practical use of knowledge learned up to this point. This is not a typical boring worksheet curriculum, rather is a hands-on approach with a real-life application and a focus on understanding. Come and learn more about this innovative program.
